THE HISTORY OF THE CITY OF BOSTON

From the first settlement of the city in 1630 to the present time. The city of Boston was founded by a group of Puritan settlers who came to the Massachusetts Bay in 1630. They were led by John Winthrop, who gave the city its name. The city grew rapidly and became one of the most important cities in the New England. It was the site of the first American Revolution and the birthplace of many of the nation's leaders. The city has a rich history and a beautiful harbor. It is a city of many contrasts, from the old to the new, from the old to the new. It is a city of many contrasts, from the old to the new, from the old to the new.
